

CREDIT CONTRACTS IN NON-BANKING SYSTEM

Carmen Adriana GHEORGHE*

Abstract: *According to European Directives, Romanian authorities established some principles for consumer credit, minimum standards of authorizing, regulating and monitoring for non-banking financial institutions. These measures were required by increasing of imports due to the consumer credit, while national bank tempered this increase. So, banks together with the stores perfect their techniques to attract the customers.*

Key words: *contract, credit, non-banking system.*
