

EUTHANASIA - PRO OR AGAINST

M. M. BÂRSAN¹ R. E. MANU²

Abstract: *The present essay issues a short presentation of the problem of euthanasia. The progresses of medicine generated also a series of medical ethics problems, most of them, controversial ones. A controversial problem of medical ethics is euthanasia. Euthanasia is the process in which a life is taken by another human being to avoid the painful effects of a disease.*

Key words: *euthanasia, ethics, suicide, patients.*
