

# GENERAL TRAITS OF ROMANIAN MANAGERS' IDENTITY - A QUALITATIVE RESEARCH PROJECT

Florentina SCÂRNEC<sup>1</sup>

***Abstract:** The paper presents the early stage of an identity research project. It's about Romanian managers and their life stories. Some preliminary results of narrative interviews analysis are presented here: self-perception, the relationship with others, the way they are, what is motivating them, how is the ideal job for them etc.*

***Key words:** identity, managers, qualitative research.*
