

THE LAD GROUP FROM DRAGUS. AN ETHNOGRAPHIC AND SOCIOLOGICAL RESEARCH

Codrina ȘANDRU¹

Abstract: *The paper presents some general characteristics of the lad groups from Transylvania and also the results of a sociological field research that I realized in the winter of 2005-2006 in Dragus, Brasov. In this research I tried to identify the organizational aspects and the communitarian activities of the lad group from Dragus.*

Key words: *lad group, communitarian activities ,cohesion.*
