

Transilvania University of Braşov

Doctoral school

Discipline: **Informational Technologies within Scientific Research (TIC)**

Work Theme nr.3: Databases for Scientific Research

Team coordination: Prof.univ.dr.eng. Elena Helerea, mat. Gabriela Mailat, ing. Corina Pop,
inf. Alina Aldea, prog.aj. Percec Zenovia

E-mail: helerea@unitbv.ro

Work theme nr.3:

In view of efficiently using the databases offered through subscription/acquisition by the Library of Transilvania University of Brasov, every doctoral student will carry out a search and a retrieval of scientific information resorting to the addresses of the databases on the site of the library:

<http://www.springerlink.com>

<http://www.oxfordjournals.org>

<http://www.ebsco.com/home/>

<http://www.scopus.com>

<http://www.engineeringvillage.org>

<http://www.embase.com>

<http://lion.chadwyck.co.uk>

For **2 of the databases** there will be drawn up a List with bibliographic data for minimum **two documents**, which are useful for the scientific research you carry out. There is preferred for these publications to be « full printed » articles.
